EXECUTIVE SUMMARY

The meeting focused on defining the requirements for a new feature to automatically send meeting summaries via email. Rohan initiated the discussion by requesting automatic email delivery, which Kunal confirmed as technically feasible. Sneha inquired about email template customization, which Rohan affirmed as useful. Simran then asked about including action items in summaries, to which Rohan strongly agreed. Kunal suggested attaching the transcript as a PDF, a suggestion Sneha supported for improved usability. The team also discussed multilingual support, with Rohan deciding against it for.
