EXECUTIVE SUMMARY

Speaker 2 initially inquires about Speaker 3's plans and location, learning that Speaker 3 is on the fourth floor and has completed their work. The conversation shifts to an unexpected situation where extra lunch has been brought, specifically 4 rotis and 5 parathas, because both Speaker 3 and Palak brought food. Speaker 2 expresses difficulty in consuming all the food alone and considers how to distribute it among three people, given limited resources. They also discuss the logistics of taking the lunch boxes back. Speaker 2 plans to figure out the food distribution and departure plan in 10 minutes.
